- International Organizations
- Supporting the FDI Community

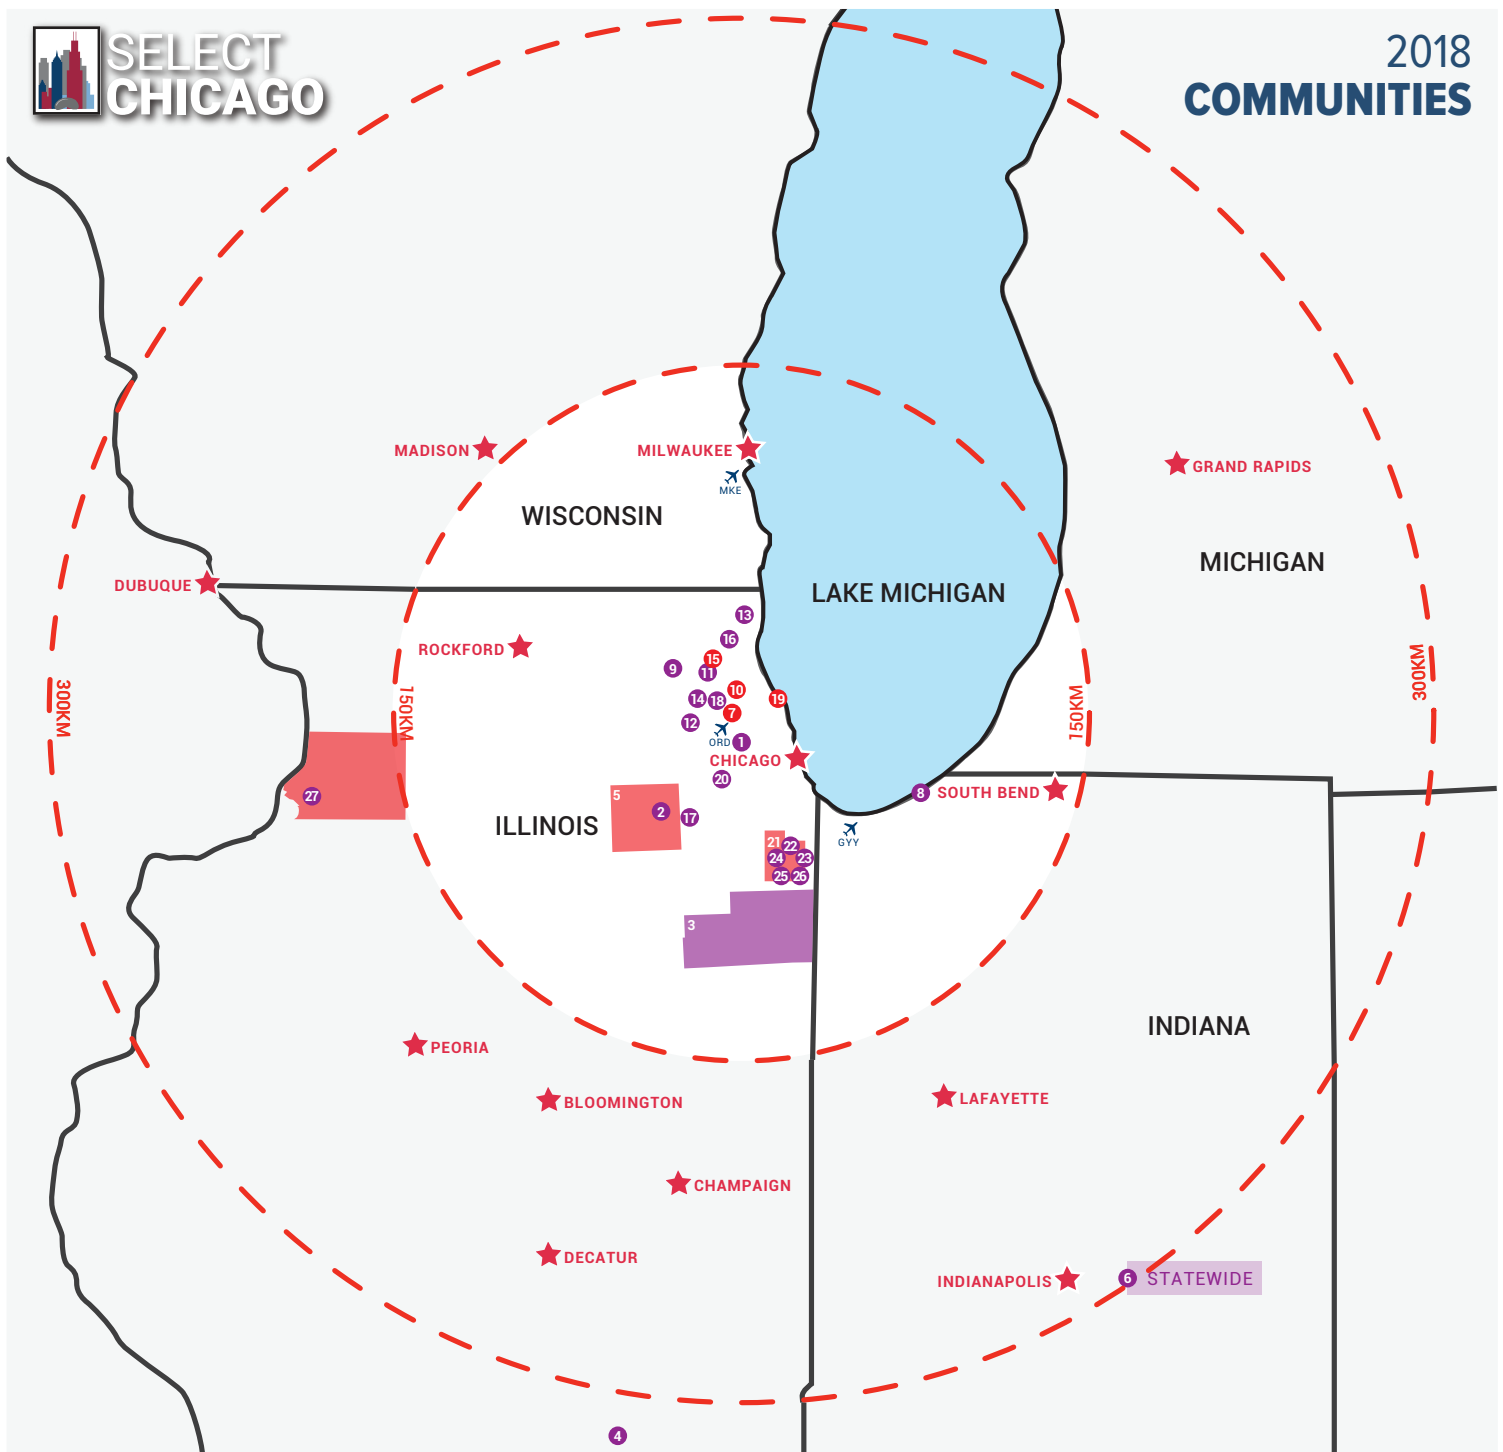

SelectChicago is a crucial component within Chicagoland’s economic development toolbox. It provides a channel for communities and other business development entities from around the region to collaborate, rather than compete, and invite foreign direct investment that will help collectively grow our local economies. Arlington Heights prides itself in being at the forefront of progressive economic development efforts, which is why we are supporting SelectChicago as a way to enhance the Chicago region’s position in the world market.

**Michael Mertes / Business Development Coordinator**

**Department of Planning and Community Development / Village of Arlington Heights**
